Taft Against the Farmers.

As Gov. Wilson says the farmer feeds the country, while Congress has been feeding the trusts. He is forced to sell in the cheapest market and buy in the greatest monopoly market in the world. When Mr. Taft vetoed the bills passed by Congress to relieve the farmer of some of his burden, he struck a blow at the foundation of wealth at the country and showed how firmly he is held in the grasp of the interests. The matchless leader on the floor of the House, Hon. Oscar Underwood, says that had the bills passed, been permitted to become laws without the interference of the President, the people of this country would have saved \$650,000,000. The House passed some of the bills over Taft's veto but the Senate was like Taft, bound to his idols. Mr. Taft admitted that his party had not kept faith with the people in some of the schedules of the tariff, but when given the opportunity to correct them he failed to do so, giving the finest of pretexts. Such a course could only result in the failure of his administration. The people have lost confidence in him and he will soon go into merited retirement. A glorious day is dawning for Democracy and next March, please God, a man who believes that platforms are to stand on, and not used solely to get in on, will use every endeavor to restore to the people their control of the government.

It is always the safest plan in politics, as in other matters, to take nothing for granted. The election of the Democratic ticket seems assured but it will not be successful unless those who are for it shall cast their ballots. Victory is now in our grasp. Let every man go to the polls next Tuesday and take advantage of the greatest opportunity that has come to the people in many years to return to the control of the government.

Hubert Carpenter attended the banquet of the State Medical Association at the Seelbach in Louisville Wednesday night. He took a poll of the doctors at the table at which he sat. Eighteen of them were for Wilson and four for Roosevelt. Not one said he intended voting for Taft.

TESTED AND PROVEN

There is a Head of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Interior Journal readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit? John H. Wren, E. Main Street, Stanford, Ky., says: "I know from experience that Doan's Kidney Pills are all that is claimed for them. Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. There was also a too frequent desire to void the kidney secretions both day and night. Doan's Kidney Pills relieved me and have never failed to benefit me since then when I have taken them."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headache and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, water or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without gripping.

The remedy that fills all these requirements, and has in addition tonic

properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like A. E. Tipton, Oaklawn Farm, Newbern, Tenn., and Mrs. Lizzie S. Brooks, Paris, Ky., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 408 Washington St., Monticello, Ill. Your name and address on a postal card will do.
